

# WOODCHURCH HOUSE

## STAFF INDUCTION PROCESS

### Four Step Process:

#### 1. **First 12 Hours – DBS Application/Paperwork/Manager’s Briefing /Underpinning Knowledge (through E-Learning)**

All new staff (i.e. domestics as well as care staff) must cover the “Induction Check List 1” before they start shadowing existing staff on the floor.

The DBS/Adult First Application must be done on Day 1 and the staff member then continues the Induction Programme while this is being processed (as the staff member can start work on the floor with only the Adult First Report and this comes back within two days).

The Customer Service and Care Certificate e-Learning must be completed within the home during their first 12 hours (in order for support to be provided as necessary).

#### 2. **Second 12 Hours - Shadowing Existing Staff On The Floor**

New Care Assistants and RN’s must cover everything on the “Induction Shift Check List 2” while shadowing existing staff on the floor.

#### 3. **End of 24 Hours of Induction - Induction Sign-Off By Manager (Care Assistants/RNs Only)**

The “Induction Shift Check List” must be fully signed off before Care Assistants and RNs work their first shift on the rota.

#### 4. **Within 12 weeks – Care Certificate Observation Assessment Booklet Sign-Off By Manager (Care Assistants/Social Assistants Only)**

The Care Certificate Observation Assessment booklet must be signed off once Care Assistants and Social Assistants have demonstrated competence to do the job in practice.

**WOODCHURCH HOUSE  
INDUCTION CHECK LIST 1  
(FIRST 12 HOURS) FOR ALL STAFF**
